Mr. Roy E. Morris, Industrial Secretary
N. J. Urban League
58 West Market Street
Newark, N. J.

Dear Mr. Morris:

I am happy to be able to inform you that our joint efforts have brought about considerable improvement in the labor supply and utilization situation at the Atlas Foundry in Irvington, New Jersey.

Because of the important war production scheduled for this plant the War Manpower Commission and the other interested Government agencies are greatly indebted to you and the Urban League for your important participation in the steps taken to bring about this improvement.

Sincerely yours,

/s/ George S. Pfau
Area Director
